# Dear Friends,

Welcome to our 25th Annual Animal Krackers — we're so delighted you're here to celebrate!

Your generous support tonight is critical to our mission of transforming animal welfare, saving animals' lives, serving people and pets, and building a more humane community for us all.

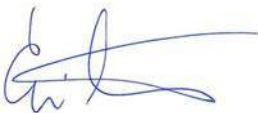

It's a momentous time in Kitsap Humane Society's 110-year history. In the past year, your generous contributions allowed us to rescue and adopt out more animals than ever before, while providing compassion and individualized care to every animal who comes through our doors.

With you as our partner, in the past year we have performed surgeries and other medical procedures to help hundreds of injured and sick animals, rescued many frightened pets from fire zones and neglectful homes, spayed and neutered over 2,000 pets belonging to low-income families and senior citizens, and placed over 6,800 pets into loving homes. Tonight, your generosity will ensure our good work continues.

As you know, our work is excellent, but our facility is not. Last year at Animal Krackers, we announced that we had embarked on a capital campaign to replace our outdated, overcrowded and inefficient shelter facility. Since then, we've been in the "silent phase" of our campaign, raising funds from major donors, foundations, our board of directors and KHS volunteers. Tonight's event will include exciting news about the progress of our campaign that we can't wait to share with you!

Tonight is about showing the animals (and the people who care for them) how much we care. We hope you enjoy your evening. And on behalf of all the animals who will benefit from your compassion and generosity, we owe you our sincerest thanks.

With gratitude,

Eric Stevens

# Fund - A - Need

## **Building a Humane Community, One Story at a Time**

Tonight's Fund-A-Need ensures that no matter what their story, animals at Kitsap Humane Society get the lifesaving care they need and deserve.

Your support is part of that story. Tonight, you'll learn about two special dogs who came through our doors in need of emergency assistance, and how Kitsap Humane Society provided the staff, expertise and resources to help them recover and thrive in their new home.

Little Fauna was rescued by KHS.

Earlier this month, we took in 36 animals from a horrific hoarding situation, which included 26 little dogs, four kitties, five bunnies and a guinea pig. The animals were living in their own waste and had been neglected for so long. They suffered from matted coats and painful skin and dental conditions.

# You were part of that story, too.

How? By giving generously to Kitsap Humane Society.

Tonight's event and the Fund-A-Need are critical to our operating budget. Thanks to your generosity this evening, thousands of pets who come through the doors of Kitsap Humane Society will be met with compassion and lifesaving care. The next chapter of their story begins when they are matched with families who will love and care for them forever. Together, we are building a humane community, one story at a time.

Raise your paddles high, and on behalf of the animals in our care, thank you for being part of our story!

## **An animal shelter to match the excellence of our work ...**

A new and enlarged building is needed to support our expanded lifesaving mission. We are working in an outdated, overcrowded, inefficient facility. Our work is excellent ... but our facility is not. Many improvements are needed, most of all, better housing for the animals. The animals deserve better. Our Kitsap community deserves better too – adopters, staff, volunteers and all who love animals.

## **IT'S TIME** for a facility that matches the excellence of our work!

Learn more about what we plan to accomplish with our proposed building project and schedule a personal tour to view our needs firsthand.
